AkroFlex Base Primer
An Acrylic Priming Agent

**Product Description**

AkroFlex Base Primer is formulated for use as a priming agent under all AkroFlex Finishes to promote bond strength, color consistency, and uniform suction, while increasing water resistance and finish coverage. AkroFlex Base Primer Sanded is also available to create a fine sand texture when applied to the substrate.

**Coverage**
Approximately 1400ft² to 2000ft² (130m² to 186m²) per pail. Coverage may vary due to ambient temperature, surface temperature, surface porosity, mixing methods, and/or application methods.

**Packaging**
55lb (24.9kg), 5 gallon (18.9L) pails

**Storage**
1. Store pails in a cool, dry location.
2. Store at a temperature between 40°F (4°C) and 90°F (32°C).
3. Store out of direct sunlight.
4. Protect pails from weather and other damage.

**Shelf Life**
2 years

**Color**
Packaged white and may be colored using the Color Bottle System or pre-tinted at our factories

**Basic Uses**
AkroFlex Base Primer is formulated for use as an interior or exterior priming agent.

**Area of Use**
AkroFlex Base Primer may be applied to the following substrates:

1. Omega base coat
2. One coat stucco
3. Brown coat
4. Stucco
5. CMU/poured-in-place and/or tilt-up concrete/masonry
6. Drywall/gypsum sheathing
Surface Preparation

All surfaces to receive application must be clean and free of debris, dirt, dust, efflorescence, grease, oils, curing agents, and cleaning solutions. Ensure that all surfaces are smooth and free of any irregularities. Repair all cracks with the appropriate patching material for the existing substrate. Glossy surfaces must be roughened to ensure a proper bond. One coat and three coat stucco products must be adequately cured and concrete must be cured for a minimum of 28 days.

Limitations

DO NOT apply product when the ambient and surface temperature is below 40°F (4°C). The ambient and surface temperature must maintain the above requirements until fully dry (See DRYING). Material that is allowed to freeze may suffer irreparable damage.

DO NOT add any other materials to the mixture of the product without written approval from Omega Products International.

DO NOT deviate in the mixing or application procedures contained in this, or any other Product Data Sheets, without written approval from Omega Products International.

DO NOT apply AkroFlex Base Primer if there are contaminates on the receiving surface. Contaminates may include, but are not limited to, dust, debris, efflorescence, and/or oils.

DO NOT apply AkroFlex Base Primer Sanded with an airless sprayer.

DO NOT apply AkroFlex Base Primer to a wet surface.

DO NOT use a paddle mixer that exceeds 500 RPM.

DO NOT leave AkroFlex Base Primer in its applied state (finish coat required).

NOTE: Failure to follow manufacturer’s written specifications could result in the following, but not limited to spalling, cracking, peeling, chipping, delamination, discoloration, wash off, and overall system failure.

Cleaning

Cleaning may be accomplished with water immediately after use.

Safety

Avoid contact with eyes or prolonged contact with skin. Wash thoroughly after handling. In case of eye contact, flush immediately with running water for at least 15 minutes. Consult a physician immediately. Do not take internally. Be sure to provide adequate ventilation in enclosed areas. Use of an approved respirator is recommended.

KEEP OUT OF REACH OF CHILDREN

Disclaimer

Omega Products International (Manufacturer) makes no warranty of merchantability or fitness for a particular purpose with respect to the products sold herein. The recommendations, suggestions, statements and technical data are based on the best knowledge available to manufacturer and are given for informational purposes only and without any responsibility for their use. It is expressly understood and agreed, as a condition of the use of this product, that the buyer’s sole and exclusive remedy for any claimed defective product against manufacturer shall be the replacement of products actually proven to be defective. Handling and use of the products are beyond the control of manufacturer, therefore, no warranty is made, expressed or implied, as to the results obtained from the use of the product or against any claims for infringement of patents resulting from use of the product. Under no circumstances shall manufacturer be liable for incidental or consequential damages arising out of the use or the improper application of the product. Before applying the product, the user shall determine the suitability of the product for his/her independent use, assuming all risks and liability whatsoever in connection therewith. This writing constitutes a complete and exclusive statement of the understanding between manufacturer and buyer.

Claims

Any Claimant shall notify manufacturer immediately in writing of any alleged defect in the material. Claimant will provide manufacturer with a reasonable and exclusive opportunity to investigate and test for the alleged defect. For any claim that is not valid Claimant agrees to pay Omega’s reasonable charges, including travel and labor associated with investigation of such claim.
