Basic Uses

BondCrete is designed for exterior and interior use to bond new concrete, portland cement plaster, cementitious products, and gypsum plaster mixes to structurally sound concrete substrates. Meets ASTM C932.

Area of Use

As a bonding agent over:

1. One coat products
2. Brown coat
3. Stucco
4. Masonry
5. Poured-in-place and/or tilt-up concrete
6. Approved Omega base coats
7. Gypsum plaster
8. Acrylic or water-based paints
9. Mortar setting beds; fast set mortar
10. Grout

NOTE: Contact an Omega representative for use in other products.
Application Instructions

Bondcrete may be applied with a brush, roller, or airless sprayer.
1. Ensure that the receiving surface has been properly prepared according to the Surface Preparation section of this Product Data Sheet.

Surface Preparation

All surfaces to receive the application must be clean and free of debris, dirt, dust, efflorescence, grease, oils, curing agents, and cleaning solutions. Ensure that all surfaces are smooth and free of any irregularities. Repair all cracks with the appropriate patching material for the existing substrate. Glossy surfaces must be roughened to ensure a proper bond.

Mixing

Mix the Bondcrete thoroughly, immediately prior to use.

THIS PRODUCT IS NOT TO BE DILUTED.

Application

TO USE BONDCRETE FOR ANY PURPOSE OTHER THAN THAT SPECIFIED

DO NOT use Bondcrete when the ambient and/or surface temperatures are below 40°F (4°C).

DO NOT add any other materials to the mixture of the product without written approval from Omega Products International.

DO NOT deviate in the mixing or application procedures contained in this, or any other Omega Product Data Sheets, without written approval from Omega Products International.

DO NOT apply Bondcrete if there are contaminants on the receiving surface. Contaminants may include, but are not limited to, dust, debris, efflorescence, and/or oils.

DO NOT use Bondcrete as an admixture.

NOTE: Failure to follow manufacturer’s written specifications could result in the following, but not limited to: spalling, cracking, peeling, chipping, delamination, discoloration, wash off, and overall system failure.

Cleaning

Cleaning may be accomplished with water immediately after use.

Safety

Avoid contact with eyes or prolonged contact with skin. Wash thoroughly after handling. In case of eye contact, flush immediately with running water for at least 15 minutes. Consult a physician immediately. Do not take internally. Be sure to provide adequate ventilation in enclosed areas. Use of an approved respirator is recommended.
